

Camila Vargas

Senior Frontend Developer · React / TypeScript

camila.vargas@email.com · +56 9 8821-3344 · Santiago de Chile · github.com/camilavargas

PROFILE SUMMARY

Frontend engineer with 7 years of experience building complex web applications at scale. Expert in React and TypeScript ecosystems. Track record of leading UI architecture decisions, establishing design systems, and improving Core Web Vitals. Comfortable working closely with product, design, and backend teams.

WORK EXPERIENCE

Senior Frontend Engineer

Bsale Commerce

Feb 2021 – Present · Santiago (hybrid)

- Led rebuild of the POS web app in Next.js + TypeScript, reducing bundle size by 45%.
- Implemented a component design system (Radix UI + Tailwind) adopted across 3 product squads.
- Set up Storybook + Chromatic visual regression testing, preventing 12 UI regressions in 6 months.
- Mentored 2 junior frontend developers; ran bi-weekly frontend guild meetings.

Frontend Developer

Platanus Ventures

May 2019 – Jan 2021 · Santiago, Chile

- Built multiple React SPAs for portfolio startups, from MVP to product-market fit.
- Integrated Redux Toolkit for state management on a logistics dashboard with real-time WebSocket updates.
- Improved Lighthouse score from 52 to 91 by implementing code-splitting and image optimization.

Junior Frontend Developer

Nuevos Medios Digital

Jan 2017 – Apr 2019 · Santiago, Chile

- Developed responsive landing pages and React components for media industry clients.
- Migrated jQuery-based UI to React 16 across 3 internal tools.

EDUCATION

B.Sc. Computer Engineering

Pontificia Universidad Católica de Chile
