

Daniela Castillo

UX / UI Designer

daniela.castillo@email.com · +52 55 8812-3390 · Ciudad de México · behance.net/danielacastillo

PROFILE SUMMARY

Product designer with 5 years of experience transforming complex problems into intuitive, accessible interfaces. Expert in design systems, user research, and rapid prototyping. Worked across fintech, edtech, and e-commerce verticals. Strong collaborator with engineering and product teams.

WORK EXPERIENCE

Senior UX/UI Designer

Kueski Pay

Apr 2022 – Present · CDMX (hybrid)

- Own the end-to-end design of the credit application flow; reduced drop-off by 27% after redesign.
- Maintain a Figma design system (120+ components) used across web and mobile squads.
- Conduct moderated usability tests (6–8 sessions per sprint) and synthesize findings for PMs.
- Collaborate with iOS and Android developers to ensure design handoff quality.

UX/UI Designer

Aprende Institute

Jan 2020 – Mar 2022 · CDMX, México

- Redesigned the student LMS dashboard, improving task completion rate by 35% in user testing.
- Created information architecture and wireframes for a new mobile app (50k+ downloads).
- Conducted card sorting and tree testing sessions to validate navigation structure.

Junior UX Designer

Tienda Digital MX

Jun 2019 – Dec 2019 · CDMX, México

- Designed responsive e-commerce UI components and A/B tested product page layouts.
